(b) If, in the opinion of the attending physician or the consulting physician, a patient may be suffering from a psychiatric or psychological disorder or depression causing impaired judgment, either physician shall refer the patient for counseling. manner.
Sec. 13. Nothing in the Kansas death with dignity act shall be
construed to authorize a physician or any other person to end a patient's
life by lethal injection, mercy killing or active euthanasia. Actions taken in
accordance with the Kansas death with dignity act shall not constitute the
commission of a crime under the Kansas criminal code, K.S.A. 2018 Supp.
21-5101 et seq., and amendments thereto.
Sec. 14. Except as provided in section 15, and amendments thereto:
(a) (1) No person shall be subject to civil or criminal liability or
professional disciplinary action for participating in good faith compliance
with the provisions of the Kansas death with dignity act, which includes
being present when a qualified patient takes the prescribed medication to
end such patient's life in a humane and dignified manner.
(2) No professional organization or association, or healthcare
provider may subject a person to censure, discipline, suspension, loss of
license, loss of privileges, loss of membership or other penalty for
participating or refusing to participate in good faith compliance with the
provisions of the Kansas death with dignity act.
(3) No request by a patient for medication from an attending physician in good faith compliance with the provisions of the Kansas death with dignity act shall constitute neglect for any purpose of law or provide the sole basis for the appointment of a guardian or conservator.

(4) No healthcare provider shall be under any duty, whether by contract, by statute or by any other legal requirement to participate in the provision to a qualified patient of medication to end such qualified patient's life in a humane and dignified manner. If a healthcare provider is unable or unwilling to carry out a patient's request under the Kansas death with dignity act and the patient transfers such patient's care to a new healthcare provider, the prior healthcare provider shall transfer, upon request, a copy of the patient's relevant medical records to the new healthcare provider.

(b) Notwithstanding any other provision of law, a healthcare provider may prohibit another healthcare provider from participating under the provisions of the Kansas death with dignity act on the premises of the prohibiting provider if the prohibiting provider has notified the healthcare provider of the prohibiting provider's policy regarding participating under the Kansas death with dignity act. Nothing in this section shall prevent a healthcare provider from providing healthcare services to a patient that does not constitute participation under the provisions of the Kansas death with dignity act.

(c) Notwithstanding the provisions of subsection (a), a healthcare provider may subject another healthcare provider to the sanctions stated in this section if the sanctioning healthcare provider has notified the sanctioned provider prior to participation under the Kansas death with dignity act that it prohibits participation under the Kansas death with dignity act. Such sanctions may include:

(1) Loss of privileges, loss of membership or other sanction provided pursuant to the medical staff bylaws, policies and procedures of the sanctioning healthcare provider if the sanctioned provider is a member of the sanctioning provider's medical staff and participates under the provisions of the Kansas death with dignity act while on the premises of the sanctioning healthcare provider, but not including the private medical office of a physician or other healthcare provider;

(2) termination of lease or other property contract or other non-monetary remedies provided by lease contract, not including loss or restriction of medical staff privileges or exclusion from a provider panel, if the sanctioned provider participates under the provisions of the Kansas death with dignity act while on the premises of the sanctioning healthcare provider or on property that is owned by or under the direct control of the sanctioning healthcare provider; or

(3) termination of contract or other non-monetary remedies provided
by contract if the sanctioned provider participates under the provisions of the Kansas death with dignity act while acting in the course and scope of the sanctioned provider's capacity as an employee or independent contractor of the sanctioning healthcare provider. Nothing in this section shall be construed to prevent:

(A) A healthcare provider from participating under the provisions of the Kansas death with dignity act while acting outside the course and scope of the provider's capacity as an employee or independent contractor; or

(B) a patient from contracting with such patient's attending physician and consulting physician to act outside the course and scope of the provider's capacity as an employee or independent contractor of the sanctioning healthcare provider.

(d) A healthcare provider that imposes sanctions pursuant to subsection (b) shall follow all due process and other procedures the sanctioning healthcare provider may have that are related to the imposition of sanctions on another healthcare provider.

(e) For purposes of this section:

(1) "Notify" means a separate statement in writing to the healthcare provider specifically informing the healthcare provider prior to the provider's participation under the Kansas death with dignity act of the sanctioning healthcare provider's policy about participation in activities covered by the Kansas death with dignity act.

(2) "Participate under the provisions of the Kansas death with dignity act" means to perform the duties of an attending physician pursuant to section 5, and amendments thereto, or the counseling or consulting physician functions pursuant to section 6, and amendments thereto. "Participate under the provisions of the Kansas death with dignity act" does not include:

(A) Making an initial determination that a patient has a terminal disease and informing the patient of the medical prognosis;

(B) providing information about the Kansas death with dignity act to a patient upon the request of the patient;

(C) providing a patient, upon the request of the patient, with a referral to another physician; or

(D) a patient contracting with such patient's attending physician and consulting physician to act outside of the course and scope of the provider's capacity as an employee or independent contractor of the sanctioning healthcare provider.

(f) Any action taken by a healthcare provider pursuant to the Kansas death with dignity act shall not be the sole basis for a report of unprofessional conduct. No provision of the Kansas death with dignity act shall be construed to allow a lower standard of care for any patient seeking
to end such patient's life pursuant to the Kansas death with dignity act.

Sec. 15. (a) Any person who, without authorization of the patient, knowingly alters or forges a request for medication or conceals or destroys a rescission of such request with the intent or effect of causing the patient's death shall be guilty of a severity level 3, person felony.

(b) A person who knowingly coerces or exerts undue influence on a patient to request medication for the purpose of ending the patient's life, or to destroy a rescission of such a request, shall be guilty of a severity level 3, person felony.

(c) Nothing in the Kansas death with dignity act limits further liability for civil damages resulting from other negligent conduct or intentional misconduct by any person.

(d) The penalties in the Kansas death with dignity act do not preclude criminal penalties applicable under other law for conduct which is inconsistent with the provisions of the Kansas death with dignity act.

Sec. 16. Any governmental entity that incurs costs resulting from a person terminating such person's life pursuant to the provisions of the Kansas death with dignity act in a public place shall have a claim against the estate of such person to recover such costs and reasonable attorney fees related to enforcing the claim.

Sec. 17. Any section of the Kansas death with dignity act that is held invalid as to any person or circumstance shall not affect the application of any other section of the Kansas death with dignity act that can be given full effect without the invalid section or application.

Sec. 18. A request for medication as authorized by the Kansas death with dignity act shall be in substantially the following form:
